

Hello E-Panel,

Here is your October OCP Update Check-in:

Website Update

The Nelson2050.ca website has been updated with PDF copies of Advisory Committee presentations.

Elementary School Poem Contest

Kindergarten to Grade 5 classes from the following schools have been invited to participate in a Poem Contest. Please see the attached poster for contest details. The contest has been extended until November 10th.

- **Hume Elementary**
- **Nelson Christian Community School**
- **Rosemont Elementary**
- **South Nelson Elementary**
- **St. Joseph Elementary**
- **Wildflower Elementary**
- **Advisory Committee**

Meeting Re-cap: Monday October 16th

Initial findings from the public feedback analysis were presented to the committee in a What We're Hearing Report. A final What We Heard Report is being compiled and is tentatively scheduled to be presented at the Committee of the Whole on November 21st. The committee used the Hearing report in an exercise to craft vision statements. The committee was also invited to submit individual vision statements by November 6th. The project team will include these submissions in the final What We Heard Report. Please find the committee meeting minutes attached. The meeting's presentation is on the project website: Nelson2050.ca.

Upcoming Meeting: Thursday November 30th

At the next Advisory Committee meeting, M'akola Development Services will present as the consultant for the OCP Update's Housing Needs Report and the committee will participate in a trivia-activity based on assigned resources that are meant to introduce them to topical urban planning concepts. If you would like to review the list of topical resources, please find it attached.

Stay warm everyone!
With gratitude,

Tara
On behalf of the OCP Update team
